Community Education

Our Mission

To achieve educational excellence and to inspire a life-long passion for learning.

Our Vision

To be an extraordinary school district that tailors learning for each child, by working together!

City of Carlos
P.O. Box 276
Carlos, MN 56319

To City of Carlos,
Alexandria Public Schools Community Education is happy to continue the tradition of providing youth and adult recreation opportunities for the Alexandria Area.

Recreational programming provides opportunities for students and adults to socialize, increase physical activity, improve mental health, learn new skills and provide a sense of community. We know that financial stressors are a deterrent to participation, as well as student transportation due to working families and/or inability of reliable transportation. Your support keeps our programs affordable and helps support transportation to and from programs via District transportation and/or Rainbow Rider. We also work closely with our District social workers and county, providing scholarships when needed. We want students to participate by removing barriers.

You have been an essential partner in supporting programming throughout our District in past years. We appreciate your past support and are asking for your continued financial investment to provide affordable programming for our students. **We are requesting you to invest in students at the maximum dollar amount of \$1,838** (525 Census X \$3.50).

2024-25 Youth Recreation in City of Carlos

Youth Recreation Courses 139
Youth Recreation Enrollments 36

Youth Recreation Enrollments in City of Carlos

Please note this is only youth recreation, not youth enrichment and/or adult participation numbers.

If you prefer, I would welcome the opportunity to share more at a meeting regarding the funds needed to support recreational programming in the Alexandria Area. I can be reached at 320-762-3310. Thank you in advance for your continued support.

Yours in Community,

Lynn Jenc
Alexandria Public Schools Community Education Director
